

APPENDIX D. ADULT-ONLY BUSINESSES ORDINANCE

I. Findings

- A. The Citizens of the Town of Dresden believe that sexually oriented businesses, because of their very nature, have potential negative secondary effects on surrounding areas. They have observed that in many communities throughout this country the presence of sexually oriented businesses is consistently and strongly associated with perceived decreases in value of both residential and commercial properties and the facilitation of illicit and undesirable activities. This evidence is relevant to issues facing the Town.
- B. It is recognized that sexually oriented businesses can adversely affect the character and quality of life of a town and can be incompatible with surrounding uses, particularly when the sexually oriented businesses are located in proximity to residences, day care centers, schools, houses of worship, and public parks or recreational areas. An ordinance is a proper and reasonable means of controlling the potential negative secondary effects of sexually oriented businesses.

II. Purpose

- A. The purpose of this Ordinance is to regulate the place and manner of operation of sexually oriented businesses. It is intended to regulate and to annually license any sexually oriented businesses, and to prevent their location in proximity to residences, day care centers, schools, houses of warship, public parks or recreational areas. Regulation of these uses is necessary to insure that the negative secondary effects will not contribute to the blighting or downgrading of the surrounding areas of the Town at large. The purpose of this Ordinance is not to prohibit sexually oriented businesses from operating in the Town, but to regulate their location and manner of operation, while providing a reasonable opportunity for such businesses to exist. The regulations of this Ordinance are not directed at the content of speech but are directed at the potential negative secondary effects of sexually oriented businesses.
